

GLASS LIP SEAL

3000mm

Glass lip seals are adhesive perimetric seals for glass doors and walls that are simple and easy to fit. They can be applied with a template (sold separately) which allows a perfect positioning always in the centre of the glass. They consist of a soft transparent seals with lips which are quickly installed with a high strength transparent adhesive. The seal lips can be shortened simply tearing off part of the lip, to meet gaps from 2.5 to 7 mm. Glass Lip can be used on glass from 8 mm to 14 mm thick.
